RE: Reference

Dear Richard,

It was such a great pleasure working with you and your staff on our new website. It turned out great and I just wanted to send this note to thank you for your professionalism and prompt delivery of the site. We were very impressed that you were able to deliver the site two weeks before the original launch date which in turn helped us tremendously.

I also wanted to thank you for staying under budget and keeping the cost to what we agreed upon in our first meeting. The site is exactly what our company had in mind and it will be a great start to our new web based business. I look forward to working with you in the future and building more websites with your team.

Regards,
